

Lupe the Lizard is exploring the “Walk Through New Mexico” Exhibit

Follow her on her journey. She wants to tell her family all about what she sees.
You can help her by making a list of things you see in each region.

In the Southern Rio Grande Rift I saw:

In the Central Rio Grande Rift I saw:

In the Northern Rio Grande Rift I saw:

In the Datil-Mogollon I saw:

*Find the rock called an ash flow tuff.
This is a volcanic rock that was once a
hot cloud of ash. What colors do
you see in this rock?*

In the Basin & Range I saw:

Draw a plant that grows here.
